

Software Developers/Engineers

Tampa Bay Job Postings Between **August 1 – November 9, 2020**

Nearly **750** employers across the Tampa Bay area posted

over 2,300

job ads for titles such as software developers, senior software engineers, programmers, data engineers, business systems analysts and scrum masters.

About **80%** of these job postings came from companies in Hillsborough County. Among the employers posting these jobs were; **JP Morgan Chase & Company, Verizon, Humana, Citigroup, Inc., Centene, USAA, H. Lee Moffitt Cancer Center, DTCC, Honeywell** and more.

An estimated **63%** of these high-tech occupations in the Tampa Bay metro area were either filled or removed (*ad was taken off the site*).

Majority of employers who posted job ads also saw similar results.

If you or someone you know is looking for a job in technology, we've got you covered. Just go to [Make It Tampa Bay](https://www.makeittampabay.com) to find your next job opportunity.
